?

Who?

Mystery

The dictionary defines enigma as a person or thing that is mysterious or difficult to understand. I define it in one word : Puzzle.

?

Enigma by Joshua

When

The enigma code was a way of communication in the second world war that was created by Alan Turing. It consisted of the use of 26 lights, each for a letter of the alphabet.
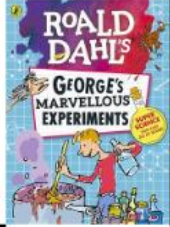

?

Many famous novelists used enigmatic characters as the main part of a book. Athur Conon Doyle and Agatha Christie are among them.

# Media – Create A Lockdown Book/Film Cover

For more than a year we have been in lockdown

Lockdown

MONTPELIER TERRACE

Stay Home

Lockdown has been a challenge for us all, and all the things that we can't do have only made us feel worse. Working at home is harder, home schooling is harder, and keeping your job is harder. But we must stay strong. We can only hope that in the not-too-distant future this will be all over and that everything will be back to normal. One day we will be back in our local coffee shop with a friend; one day we will be back at work and not at home; one day we will be going on holiday again. I will leave with a question. What can you do to help stop the spread.
